**COLLISION HURTS HOME TEAM** 

BUTTE PULLS DOWN SECOND GAME OF SERIES.

Runkle's disastrous collision with Delmas was the chief factor in enabling the Champs to the theing up in the fifth inning. Thereafter the Elders were unable to do anything to Dowling, who only let one man get to first in the succeeding five imnings. That man was Clark who singled in the seventh and was thrown out in an effort to stretch it to two bases. Just three men got to face the mighty Peter in each linning. Peter was rather sadiy clouted up to that time, the Elders getting five runs on straight hits. After the old timer got to swinging right, however, there was nothing to him.

FACTS FOR THE FANS.

Drinkwater or Sporer for Butte and Tozer for Salt Lake appears to be the pitching dope for this afternoon. That game yesterday was the third Pete Dowling has pitched this year. Peter is going to cause other teams of the league considerable bother, it is thought.

Delmas and Bruyette were stuffed full of ginger yesterday. Nineteen chances were gobbled up by the pair, some of them being hard ones, Delmas began to distinguish himself in the first inning when he made a one-handed swipe and collected one that Elsey hammered away to the left side of him. Both lads covered gobs of territory.

It looked good to see Muller and Weed back there again. Just to show there was no meanness in his disposition Muller hit out two singles and a double the first three times up. Weed was less formate in his hitting, but his fielding chances were given personal and effective attention.

The new management issues a special invitation to ladies to attend the games on ladies' day. Wednesdays and and Fridays. "We hope every lady who attends will come on these days, even if she never comes at other times," said Manager Shepard last night. "The plan of having ladies' days was designed especially as a compliment to the indies who are interested in baseball and we would be glad to see them fill the grandstand cach Wednesday and Friday."

Of the three fielding errors not one figured in a run.

Bruyette is still keeping his eye on the balt. His hitting has improved remarkably since the team came home.

Tozer has won five out of his last six games. The game he took over from Essick on Sunday does not count; against him because Spokane was ahead when he went in.

Nobody can deny that Butte leads the league in volubility. In Elsey, who can make any magpic assigned, the team has lately taken on another accomplished linguist who joins Scanffer in setting the race.

It's a crazy fly that Jimmy McHale doesn't get in middle field. He appears to move in and out, back and forth, with equal facility. He stole one from Hausen banquet will wind up the "doings."

yesterday and turned it into a double by dropping it to first before Weed could scamper back. Muller and Weed are now known in ex-clusive circles as "Shreve" Muller and "Shreve" Weed.

"Shreve" Weed.

H. H. Thurman, first baseman on the Rocky Mountain Bell Telephone team, who sprained his ankle last Monday in Eureka, will be given a benefit by the team.

The transfer of the control of the club carries with it the hearty good will of the old directors, who have nothing but kind wishes to express for the future of the club. As an indication of the sentiment one of the old directors went to yesterday's game and, instead of presenting the pass he carried, dug down into his pocket and bought a ticket.

"I hope you will pull through all right," he remarked to Shepard at the gate, "and I will do all I can personally to help you."

New League Next Year.

These conditions have given rise to a general belief among well informed baseball men that the Pacific National league is to be extended next year to include six or eight clubs. Seattle, Portland, Tacoma, Spokane, Butte and Salt Lake would make an elegant six-club league. It Boise, after its experience this year, should want to come in, Boise and Helena or Great Falls might be put in to make it an eight-club league. The success of a six-club or eight-club league in the territory embraced by this plan is not a matter for speculation, according to competent authorities, but a certainty. Anis makes, it important to hold the Salt Lake club together, not alone for the sake of the baseball that the team will play during the present season, but because of the outlook for next year. By holding its irranchise in the league until the season closes, Sait Lake would have a membership in the larger league and a bunch of good men to reserve for next year's team. New League Next Year.

Butte Plans a Victory.

While all these friendly preparations are in progress, the Butte golfers are planning a wholesale scalping party, with their eyes on the Sait Lake team as the scalpees. Gervase Green, the captain of the team, is an expert from way back. Copp. the captain of the Sait Lake team, is to play him, and while there is a pretty well founded suspicion that it is a case of professional against amateur, the visitors have accepted the situation and expect Copp to make it exceedingly interesting for Captain Green.

The two men ought to be pretty well matches. Copp has made the eighteen holes here in 38 and 37, a combined score of 75. Green last Saturday made the Butte course of eighteen holes in 39 and 39, a total of 78. The Butte course is about 760 yards longer than Salt Lake's, and the players there will be on their home links a great advantage in the game.

The Sait Lakers also have their sus-picions of one C. E. Rooney, whose name has recently appeared as a newcomer to Butte. All the other members of the Butte team are known here and have all been working hard under instructions for weeks.
Salt Lake is at somewhat of a disadvantage in the absence of Thompson, who had his hand injured and cannot play, and in the injury to McGurrin, which will compel him to go easy on long strokes and nurse his weak wrist throughout the game. However, Holman, Hale, Harkness, Steiner and Officer have been working out in good form and may surprise their hosts before they get through with them.

In any event the tournament is going to be worth a long journey to see, and the visiting Salt Lakers will have as good a time as Butte can give them—which means as good a time as anybody could possibly have.

The special event at the saucer track In a special event at the saucer tracs last night, the ten-mile motor-paced race between Hardy Downing and John Chapman, was called off, to the disgust of the spectators, after Downing punctured his wheel on the fifth lap. The weather looked threatening at the time the race started and the officials decided not to other races were as interesting as usual, and the one-mile novice race created more excitement than any other event on the programme. Eugene Halladay was declared the winnep over B. J. Hardy by a few inches, and the crowd who sympathized with Toung Hardy cheered and shouted for him as he rode around the track after the bell lap. When the decision was given in Halladay's favor the crowd still shouted for Hardy, but the judges all agreed that Halladay had pushed his wheel a few inches over the tap in the lead, which could easily be seen from their position. The event was hotly contested from start to finish and the distance was coverred in 2:12 4-5.

Billy Samuelson, in the one-mile handicap, professional, rode from the middle on the buneff when the bell lap was sounded, taking the lead, which he held in a hard brush from Hollister, and finished a length to the good. Hollister in the stretch run up the track, giving Palmer the pole, who in a spurt came in second. Hollister was disqualified from third position for riding high and was barred out of the money, giving third place to Hopper. Downing taking fourth place. The time caught was 2:24-5.

The second heat of the one-mile handicap, professional, was won by Hardy Downing in faster time than the final, covering the distance in 2:09 4-5. Collett was on scratch and finished second, half a wheel behind Downing, in the prettiest sprint for the tape during the programme.

The final event in the quarter-mile dash, professional, went to Samuelson in a hard finish with Collett, in 39 seconds. At the start, when the bunch hit the first turn, Chapman was on the outside and through careless riding cut down too soon and collided with Williams, causing a bad spill. Both slid down the track, and as they hit the dirt Stevens, who had the pole, smashed into them and took a header into the arena. Chapman and Wiltiams were skinned up and gathered a few slivers, but, fortunately, were not injured. Hopper and Hofman, who were in the rear, missed the mix-up and finished third and fo

Philadelphia, June 27.-Frankie Neil of San Francisco, bantamweight champion of the world, clearly outfought Hughey McGovern of Brooklyn at the National Athletic club tonight. The fight through Athletic club tonight. The fight throughout was the most vicious ever witnessed
in Philadeiphia between little men. There
was scarcely a second during the six
rounds that the boys were not in action.
At the close of the sixth round McGovern
was almost out and was hanging on
to Neil to avoid punishment. McGovern
drew blood from the Californian's nose
in the second round and opened a gash in
his left cheek in the succeeding round.
Neil cut a gash in McGovern's check in
the fifth round and toward the close of
the round McGovern was very shaky on
his feet,
Neil's seconds were Bobby Deady. ils feet.

Neil's seconds were Bobby Deady,

McGovern countered with a light left to the wind and then the boys clinened, in the breakaway Neil drove his left to the wind and McGovern landed on the jaw. McGovern uppercut to the chin, but Neil-straightened the Brooklyn lad up with a left to the chin. McGovern drove a right to the face and then backed away. Neil rushed in with left and right to the face and McGovern covered up. As the gong sounded Neil drove a hard left and right to the jaw. Round 2-Both boys rushed to the center of the ring and began to pummel each other in a victious manner. Neil was the first to land. He drove a left to the face and in the breakaway put his right to the wind. McGovern uppercut with his right and they clinched. McGovern sent a pretty right to the jaw, but Neil smiled and winked at his father, who was standing in his corner. Neil landed a hard left to the jaw and they clinched. McGovern uppercut as they broke away and Neil drove his right to the stomach before McGovern coult get away. They clinched and when McGovern stepped back they received a vicious right to the wind. McGovern rushed, but was met with a straight left. He rushed again and landed hard right to the jaw, which shook Neil's head. They were clinching at the beil.

Round 2-Neil rushed and landed a left to the face and missed a similar blow a second later. McGovern drove his right to the Jaw and the left to the wind. Neil rushed in and while hanging with his head on McGovera's shoulder uppercut the latter three times in succession without a return. This method of fighting seemed to disconcert McGovern and his endeavors to cover when Neil was fighting in this way were futile. McGovern drove a left to the wind as they broke ground and missed a right for the jaw. Neil stepped in with a hard left counter which drove McGovern's head back.

Round 4-Neil rushed and landed left and right to the face. McGovern uppercut with a vicious right and they clinched. In the break Neil landed a left uppercut to the jaw and a right to the heart. McGovern kept right after Neil but nearly all of his rushes were wild. Neil landed a hard left to the ear and sent two rights to the jaw without a return. Neil's superiority was very apparent in this round and when the gong sounded McGovern was shaky.

Round 5-Neil sent three-lefts to the jaw which shook McGovern. The latter came back with a hard right to wind and a left hook to the neck.
